INFORMATION DISCLOSURE STATEMENT

Dear Sir:

Pursuant to 37 C.F.R. §1.97, Applicant hereby calls the
Examiner's attention to documents listed on the attached form,
which documents may be material to the examination of this
application. A copy of each of the documents was submitted to
the Patent Office or was cited by the Examiner in the parent
application, Serial No. 09/674,062, filed January 3, 2001, which
is now being relied upon for an earlier filing date under 35

35 U.S.C. 120 with respect to subject matter common to the two applications (35 C.F.R. §1.98(d)).

No inference should be drawn that the attached list sets forth a comprehensive investigation of the prior art, that any or all are pertinent to the invention, or that any apparatus disclosed is equivalent to the subject invention.

The citation of the above-discussed documents is not to be construed as an assertion that more pertinent art could not possibly be in existence. Citation of any document herein is not to be construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

This Information Disclosure Statement is being filed after three months from the filing date of the application, but

(presumably) before the mailing of a first Office Action on the merits. Therefore, under 37 C.F.R. 1.97(b), no fee is required.

However, if it is determined that a fee is required, please charge our Deposit Account No. 50/1039.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Stephen B. Heller", is written over a horizontal line.
